Integrity Partners LLC

Completion and Start of Commercial Operations of Ichihara Solar Power Plant No. 1/No. 2

As announced in October 2013, Integrity Partners LLC (Chiyoda-ku, Tokyo; Representative Director: Masanori Akiba) has started to invest in renewable energy businesses, and has launched the construction of three solar power plants totaling roughly 18 MW in the Kanto-Koshinetsu region.

Integrity Partners is pleased to announce that construction of one of these projects, a project in Kaiho, Ichihara, Chiba, has been completed smoothly, and started commercial operation today.

Please see below for an overview of each solar power plant.

Plant name	Ichihara Solar Power Plant No. 1/No. 2
Location	Kaiho, Ichihara, Chiba
Development scale	4.55 MW (module basis)
Annual power-generation capacity	4.91 million kWh (Equivalent to the annual power consumption of 1,550 households)
Construction start	September 2013
Operation start	March 18, 2014
Panel installation area	Approx. 50,000 m ²
Construction, maintenance, management	Daiwa House Industry Co., Ltd.
Power producer	Ichihara Solar LLC

Integrity Partners aims to invest in and operate 20 renewable energy facilities totaling 100 MW around the nation over the next three years. We are dedicated to creating a new era in Japan's infrastructure investments by establishing a track record of financing scheme development and plant construction/operation with the aim of facilitating the introduction of private sector funds focusing on pension funds, which are expected to play an increasingly important role in the construction and renewal of infrastructure in Japan.
