Integrity Partners LLC

Completion and Start of Commercial Operations of Minami Alps Solar Power Plant
Development/Operation Start of Minami Alps Solar Park

As announced in October 2013, Integrity Partners LLC (Chiyoda-ku, Tokyo; Representative Director: Masanori Akiba) has started to invest in renewable energy businesses, and has launched the construction of three solar power plants totaling roughly 18 MW in the Kanto-Koshinetsu region.

Following the Ichihara Chiba project completed in March, construction of Minami Alps Solar Power Plant has been completed smoothly, and started commercial operation today.

Please see below for an overview of each solar power plant.

Plant name	Minami Alps Solar Power Plant
Location	Kagaminakajo, Minami Alps, Yamanashi
Development scale	2.52 MW (module basis)
Annual power-generation capacity	3.36 million kWh (Equivalent to the annual power consumption of 1,050 households)
Panel construction start	January 2014
Operation start	June 12, 2014
Panel installation area	Approx. 46,000 m ²
Construction, maintenance, management	Daiwa House Industry Co., Ltd.
Power producer	IP Solar Power Generation No. 1 LLC

In addition, Integrity Partners has decided to develop and operate Minami Alps Solar Park with a total capacity of 668 KW in an area adjacent to Minami Alps Solar Power Plant.

Project name	Minami Alps Solar Park Project
Location	Kagaminakajo, Minami Alps, Yamanashi
Development scale	668 kw (module basis)
Construction start	July 2014
Operation start (planned)	October 2014
Panel installation area	Approx. 10,000 m ²
Construction, maintenance, management	Daiwa House Industry Co., Ltd.
Power producer	Integrity Partners LLC

Integrity Partners aims to continue expanding investment and operation of renewable energy facilities in the future.
